404 Assumption
and ESA - a pote...

Hi Brett – Simma told me you’re working on the 404 assumption issue in Arizona. I’ve done a summary of the approach that is being discussed in the Florida assumption context and could be used in Arizona or other states to deal with ESA issues. This summary could be helpful on the call Monday with the state. I think the plan is to talk to David Fotouhi about our approach for Monday’s call at 4:30 EST today and we can talk then about whether to discuss this approach with the state on Monday. I will be on the standing call with AZDEQ today.

Thanks,
Alexis
